

Golf della Montecchia

PLAY GOLF ALL-YEAR-ROUND AT
SHORT DRIVE DISTANCE FROM VENICE

Golf della Montecchia is a charming golf venue managed by PlayGolf54, a group that also runs two nearby courses, Golf Frassanelle and Terme di Galzignano Golf, all located at a short distance from the beautiful town of Venice, Italy. This 27-hole course was designed by the architect Tom Macauley and built on an old estate owned by Emo Capodilista. It is a member of the "Leading Golf Courses of Europe" and thanks to its technical features has hosted the Alps Tour twice and the Challenge Tour four times. The facility offers a lit driving range with 20

covered stalls, swimming pool, solarium and sauna, while the elegant club house, converted from an old barn for tobacco drying, hosts a pro-shop, two restaurants (one Michelin star), a snack bar and many elegant lounges for meetings, corporate events and banquets. The tees and fairways have been converted to Bermudagrass, a turf grass which has led to a drastic cut off in water consumption and use of fertilizers, while banning pesticides. A commitment to environmental protection that has earned the course many prestigious acknowledgments, such as the "GEO" certification and the prestigious IAGTO SUSTAINABILITY AWARD 2018 FOR COMMUNITY VALUE. The unique Performance Center offers ultimate high-tech equipment for golf indoor (Trackman, Sam Putt Lab, Foresight and Kvest) with an ambitious mission: developing a comprehensive training program supported by golf pros, personal trainers, physiotherapists, nutritionists and mental coaches to help players get their best performance ever. The Montecchia Golf Academy,

pioneer of the TPI in Italy, relies on dedicated professionals who offer a wide range of bespoke lessons from beginner to elite. Ladies golf instruction and short game clinics are popular with women golfers. Holidays groups can ask for private competitions and clinics, while companies can choose to have corporate building sessions to strengthen their employer branding.
